The entire faculty at N.C.E. is interested in the welfare of all students, and Mr. Robert Greising, our Dean of Students, has been one of the men most closely involved in this area. Besides administering the Student Personnel Office, he taught a psychology course, sponsored the Junior Class, advised College Council, and continued working toward his doctorate in the field of Guidance and Psychology during the past year. Serving as administrator to an entire student body is a great task in itself, but Mr. Greising has always had time for and interest in all individuals seeking his help and advice.

You, Mr. Greising, by way of your fresh ideas, amiable personality, and long experience, have contributed greatly to N.C.E.'s tremendous surge of progress toward new horizons.

To you, Mr. Robert Greising, we dedicate this book.

The College is in its 80th anniversary year, and it is a year that is not only important for those of us who are on the faculty and in its student body today but important for those who will be a vital part of the National College family in the years ahead. We have launched a four million dollar building program that will double physical plant and will make it possible for more young people to continue their education at our College. The new curriculum is placing greater emphasis on the liberal arts as it relates to teacher education. Whether our students choose the professional curriculum or the one in the liberal arts, they will be receiving an education that will strengthen their values, broaden their horizons, and help to build within them a security that is so needed in our world today.

The yearbook theme this year is "New Horizons" and it seems most appropriate to me as we have moved to new horizons in Physical plant as well as in the curriculum. Mankind is faced with problems today that seem to have no solutions. Nations are struggling with each other, and ideologies are at stake. We read of a breakdown of morality among civilized people. There are many other situations that are disturbing to the educated man. The world is forever changing, and ever since man has been on the earth there have been problems, and there always will be. It is to education that we look for hope and possible solutions to problems.

It is our hope that here at National College, as we live and work together, we may find the answers that can help in a small way to move civilization forward by removing prejudice and ignorance from our minds. Our past has been built on a rich heritage that has given us a good foundation on which to build for the future. Whether you follow the profession of teaching or move into some other area you will be a better person because of your college education. New horizons in our College can also mean new horizons for our profession as well as for civilized man around the world. What lies ahead depends to a great extent on what we do as individuals. The future can hold possibilities that will lead to a better world. Let us be sure we have the desire to do something about it.

K. Richard Johnson

N.C.E. has embarked upon a very ambitious program of expansion. New buildings are under construction — the first new construction on campus in forty years. Enrollment is expected to double in the next seven years. A new, well-planned curriculum is in operation and the College moves ahead significantly and boldly in this, our eightieth anniversary year.

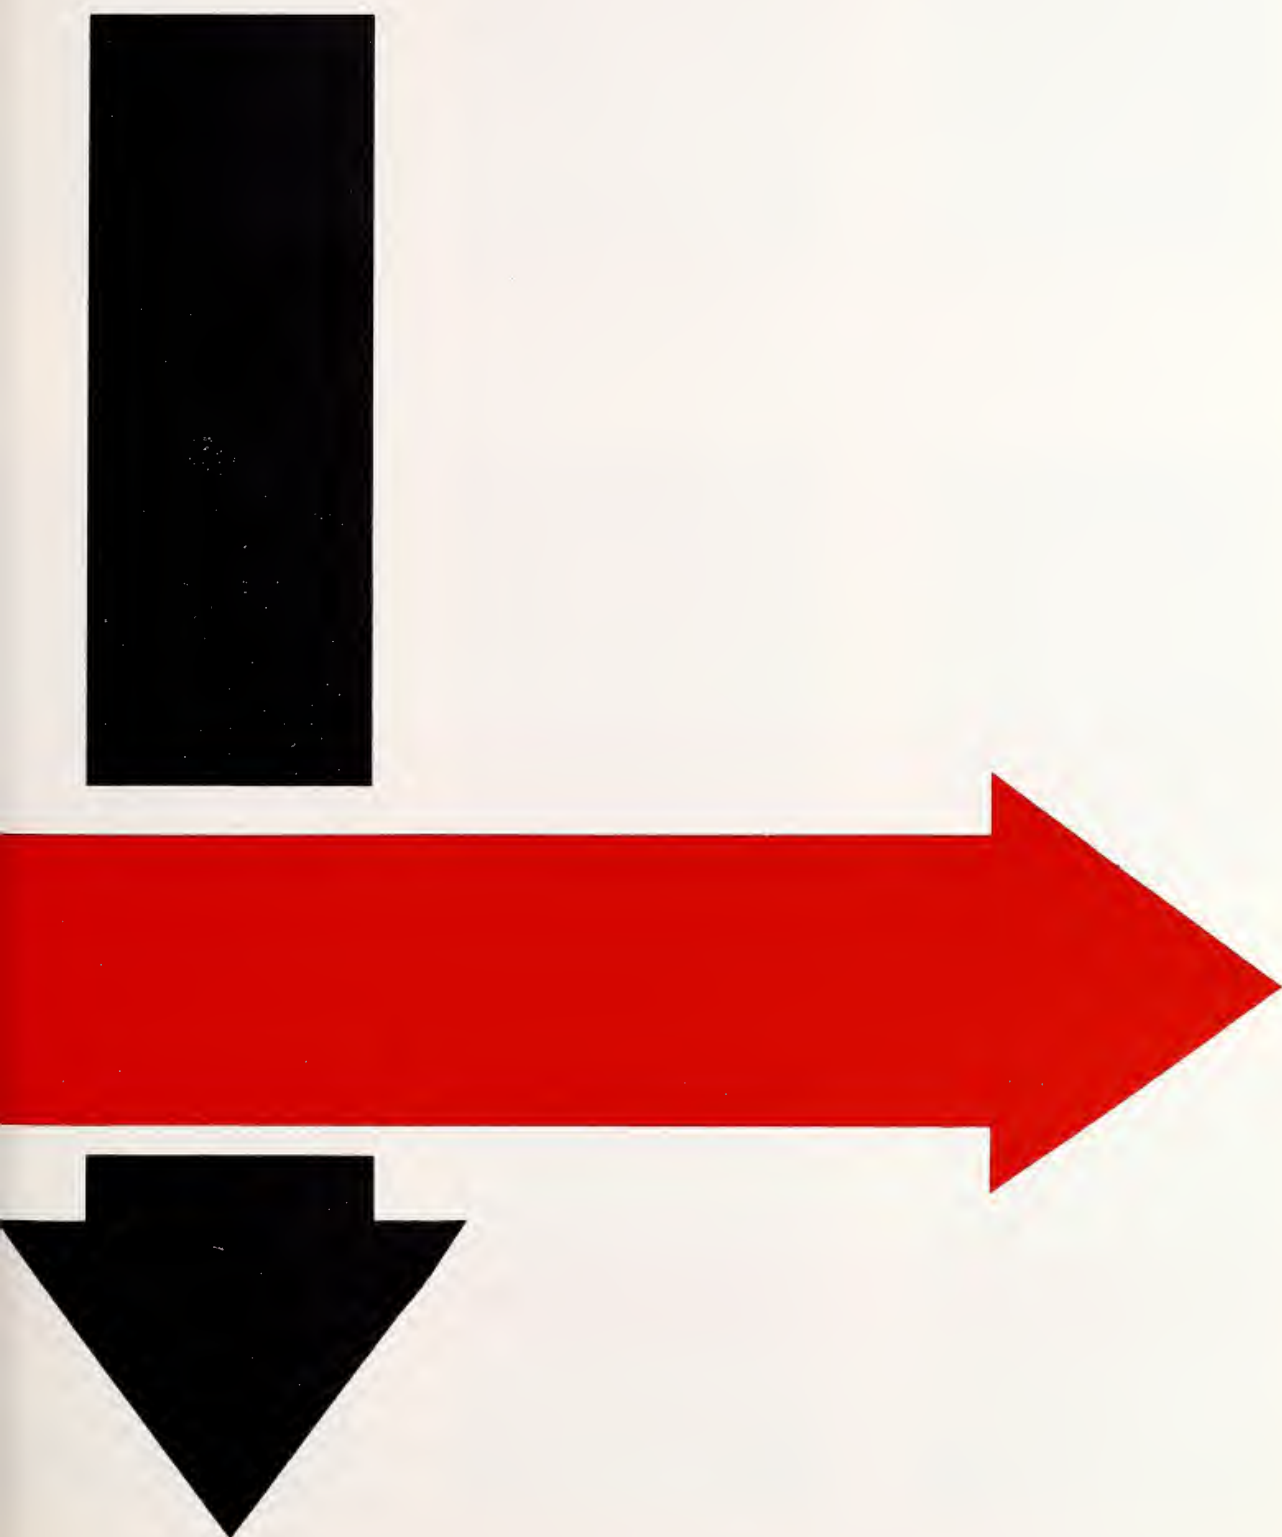

The basic philosophy of the founders and succeeding presidents of N.C.E. is being carried out through a strong liberal arts program and one of the finest teacher-education programs in the country.

All of the efforts of hundreds of individuals in making National great result in a strong college. Behind each student is a group of Trustees; over eighty business leaders who are known as the Board of Associates; one hundred North Shore women who are the Woman's Auxiliary; over five-thousand alumni and, of course, a fine faculty.

It is particularly significant to note that over five hundred corporations and many friends contribute to N.C.E. annually. Scholarships are awarded to deserving students by clubs and individuals who find joy in investing in our students' futures.

Great things are happening at National and it is thrilling to be part of this progress.

JUNIOR OFFICERS

The Junior Class Officers, along with their busy sponsor, Mr. Greising, and C. Ulrich, president, have led their class during the hectic, but rewarding, transition from the old to the new. These capable people have contributed to the atmosphere at National, and have given the school a great impetus toward its goal.

Besides the traditional Junior-Senior luncheon, they sponsored functions that were "firsts" at N.C.E., such as the Junior Jamboree. The Juniors can look forward to another exciting year in their continuous search for new horizons.

Barbara Reeves, president, led the Sophomore Class through a very successful and enriching year with the cooperation of the class officers and committees, Mrs. Neulist, their sponsor, and the whole class body.

SOPHOMORE CLASS

The Sophomore Class eagerly participated in school functions and worked together in class activities. They sponsored "HELP," the successful mixer which marked the beginning of a highly productive year. They also edited and sold the student directory, *No. Please*, as a money-raising project for the Sophomore Daisy Chain. The unity of the sophomores was exhibited through their spirit and desire for progress in a time of great change.

The Freshman Class Officers worked hard all year in conjunction with the Freshman Class and Miss Kaye, their sponsor, in an attempt to unify the class in order to uphold the spirit at National. The officers represented their class in College Council, led class meetings, and participated in a skit at the Hootenanny. The freshmen, with this able leadership, are well on their way toward a new horizon.

"What can we say?" The spirit of the Class of '69 has certainly pushed the freshmen on to new and greater horizons.

This ambitious class strove for unity by having a hayride and adopting a foster child. Appropriations for this project were raised at the freshman mixer, the "Spirit of '69". The enthusiastic freshmen also worked on committees, joined clubs, and helped with the winter weekend festivities, but they did not allow extracurricular activities to interfere with their academic progress. They were the backbone of the spirit and activities at N.C.E.

College Council is composed of representatives from each class, presidents of student organizations, and members of the faculty. The task of the Council is to coordinate student activities and to act upon pertinent issues concerning student life on campus.

This year College Council, led by Ernie Santucci, president, and Kathy Williams, vice-president, led N.C.E. in its pursuit of the new horizons. The biggest project accomplished by the Council this year was the revision of its Constitution. Along with the annual Thanksgiving food drive and the Christmas gift procession, College Council sponsored the Frosty Frolic activities.

The Association for Childhood Education expanded its horizons through its work at the Cradle and by informing its members about current educational developments. It also introduced Operation Headstart to students at N.C.E. in an attempt to increase their interest in and enthusiasm for teaching. This year A.C.E. made a great contribution to National's plunge into the future.

AMBASSADORS

Teacher Ambassadors are the official hosts and hostesses at National College of Education. This year they helped acquaint prospective students with the school, hosted at the New Student Tea in September and at the Prospective Student Tea in the early spring, and conducted tours for all interested groups. They were an integral part of National's attempt to expand the horizons of others.

CHAFF is the printed form of the expressive student in action. With support from an eager and active staff, Lynn Maas proved that CHAFF could live up to its honor rating by the Associated Collegiate Press.

This year, CHAFF's emphasis was on student activity. Many students contributed their own work, such as poems, short stories, and original ideas for feature articles. The great enthusiasm of the staff has benefited both the paper and the school.

CHOIR.

The Concert Choir, under the direction of Mr. Lloyd Cousins presented several outstanding concerts which enriched National students' appreciation of fine music. The Choir, singing with the Bahai Temple and the Wilmette Methodist Church choirs, presented the beautiful "Magnificat," by Bach. They also sang in the annual Christmas program at Harrison Hall and caroled at the Great Lakes Naval Hospital. During the Festival of Arts, the Choir sang with the Men's Glee Club of Southern Illinois University and presented Mozart's "Requiem" and Poulenc's "Gloria." The Choir's excellent performances evidenced its diligent and sometimes tedious practice.

DANCE

Music and rhythm find their way into the secret places of the soul.

Fellowship is the goal of International Club. Members enriched their knowledge of foreign cultures by exchanging personal experiences from their own countries.

The club sponsored several dinner parties which were highlighted with various foreign dishes. It traveled to several places of interest during the year. International Club also sponsored a Teacher Appreciation Day, made gifts for men and women in a home for the aged, and sold flowers on N.C.E.'s Parents' Day.

B. Fairbrother, K. Sauber, D. Christie, C. Murnick, S. Stanco.

M.E.N.C

This year the members of M.E.N.C. attended many fine concerts and other special musical events in the Chicago area. In keeping with their purpose of pursuing musical activities for enjoyment and for broadening their knowledge in the field of musical education, they attended performances at the Kungsholm Puppet Opera, saw the Royal Marines from Scotland, and heard several interesting speakers at their meetings. Don Christie, a student at N.C.E., played the bagpipes for the group.

With the help of Miss Hunter, their sponsor, the members of M.E.N.C. became more aware of the many musical events surrounding them and were able to take advantage of these events.

We too form a multitude.

MEN'S ASS'N

The N.C.E. men, led by Dick McArthur, president of Men's Association, stressed the importance of the male in college life. The club engaged in competitive sports with other college clubs and fraternities. The men also discussed ways to improve their housing, studying conditions, and social life at numerous club meetings throughout the year.

Yearbook editors are known for their last minute, brain-wracking, hair-tearing sessions to meet that inevitable deadline. In an attempt to widen the horizons at National they held daily meetings, sketched layouts, and cropped pictures at a hectic rate. The editors could be found at any time in the Rec House, pouring over candid photos of the many activities held at N.C.E. These busy people certainly contributed to the voyage toward the future.

Standing: Miss Kaye—Advisor, Cheryl Shepherd—Photography Editor, Susan Davis—Advertising Editor. Seated: Connie Reed—Associate Editor, Marla Woolman—Editor. Missing: Jim Bobik—Business Manager, Diane Marrell—Art Editor.

The word "staff" is derived from an ancient term meaning "he supports." This simple phrase summarizes the tasks of the NATIONAL staff, for it has been its job to support its editors in providing for all at N.C.E. a vision of the new horizons.

The organization, working in correlation with the Fine Arts program, presented several successful stage productions. Chamber Theater, a new form of dramatic expressionism, was introduced at an all-college assembly. "Jack and the Giant", a children's play, was presented in November to the National Children's School. The group also held informal poetry-reading sessions and showed the movie, "Raisin in the Sun" this year.

TOWN ASS'N

U·S·N·S·A

The main purpose of the United States National Student Association is to make the student aware of his goal as a teacher by informing him of current educational advances. Co-ordinator Jeanie Daviso made U.S.N.S.A. active on National's campus by presenting several prominent speakers on controversial world affairs, by holding interesting debates and seminars, and by conducting an all-college WUS drive. A Foreign Student Exchange Program was also established, in which National students will have an opportunity to participate in the future.

ACTIVITIES

GROUNDBREAKING

June 6, 1925, to September 23, 1965, may seem like many a year, but tradition has remained in the groundbreaking ceremony for the new addition to Harrison Hall; the September ceremony was very much like the original groundbreaking for Harrison Hall almost 40 years ago.

Representatives were present from the college and the children's school, the faculty, the Board of Trustees, and National's alumni, as well as Dr. Johnson and Dean Troyer.

Dean Troyer presented the Invocation; Dr. Johnson greeted the participants and introduced the speakers, and shovels were placed in the ground. The ceremony was concluded with a Benediction read by Dean Troyer. This was not the end, but the beginning of an exciting event for all associated with National.

TRUSTEES DINNER

The Trustees Dinner was held in honor of National's eightieth anniversary this year. Present were five hundred guests and guest speakers, including Dr. K. Richard Johnson, Mayor John Emery, of Evanston, and Dr. Krafft Ehrlicke. The hosts were Associate Earl Zweifel, Mrs. Zweifel, and Trustee Arthur C. Allyn, Jr. The program included the presentation of certificates of appreciation to 32 organizations which have contributed to the College for ten years or longer. All of the guests who attended were College donors.

CHRISTMAS ASSEMBLY

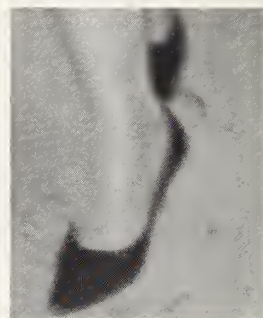

We at Mary Crane Nursery School are deeply grateful to our National friends who so beautifully and generously played Santa to the children.

The gifts were wrapped so appealingly and gayly that the children, with stars in their eyes, trudged home with them pressed close to their heart. Their parents too expressed great appreciation.

In behalf of the children may I send a big Thank You.

Cordially yours,

The biggest event of the winter quarter was Frosty Frolic, the semi-formal dinner dance held on February 12, at the Sheraton-Chicago Hotel. College Council sponsored the first event of the evening — a reception. Dinner was served, and couples danced to the music of the Ted Allen Orchestra. The highlight of the evening was the crowning of Betty Mensing, Frosty Frolic Queen.

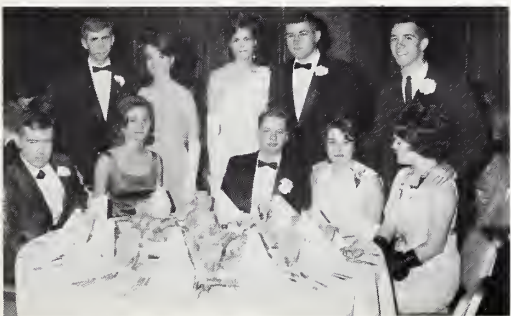

Gerry Cody, chairman of the event, was master of ceremonies.

One of the big "firsts" at National this year was the formation of a basketball team—the Rebels. The men started out the season with a victory over the faculty men, and continued winning throughout the year over Northwestern fraternities. One of the most important games was during winter week-end, when the Rebels played Garrett Theological Seminary. Spectators crowded the wings of the gym and cheered our team on to numerous victories.
